

SBB 800

The SBB 800 horizontal flow wrapper is the ideal solution to pack long shelf-life products having the compatibility with gas injection (MAP) or flavor spraying. This machine has been designed to satisfy the most exigent requirement in the food industry. Having five independent and high-performing motors, the SBB 800 is able to achieve higher speed up to 100 b/min. Having also a compatibility with 800mm film reel, this flow wrapper is capable of working with big and heavy products and is also indicated for multipacks or large bags or products having different length within the same batch such as cheese and processed meat, etc. and it is compatible also with shrink, cryovac and vacuum films. Several optional accessories can be installed to meet a wide range of customer's needs, such as IP65 protection and full stainless steel.

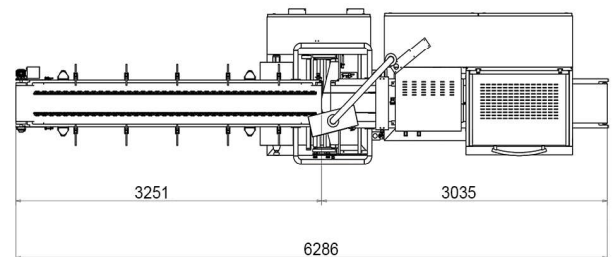

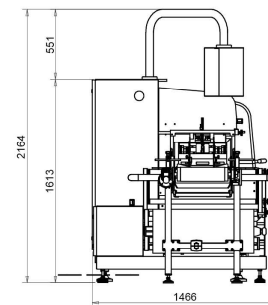

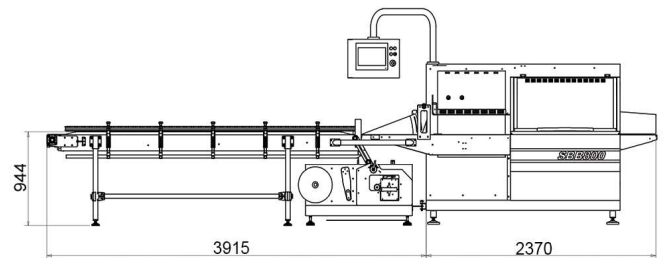

- Performances up to 100 bpm
- Limitless bag's length
- Possibility to realize bags with an open side (front or back)
- Sturdy and heavy duty structure

Technical Data

Max mechanical speed	Up to 100 bpm (See graphic)
Reel's max external Ø	350 mm / 13,78"
Reel's min width	100 mm / 3,94"
Reel's max width	800 mm / 31,5"
Packaging materials	Multilayer laminates with high barrier characteristics, thermo-sealing barrier films, polypropylene
Transversal sealing system	Box motion
Product's max height	180 mm / 7,08"
Recipes	100
Interface	13" color touch screen
Electrical supply	380V, three-phase + N + G, 50Hz
Compressed air	Min 6 bar
Compressed air pipe	8 mm
Compressed air consumption	50 l/min.
Installed power	13,8 kW
Structure's material	Stainless steel AISI 304
Weight	~ 1400 kg

Options

- Motorized reel holder
- Double reel holder
- Gas injection
- Gas analyzer
- Euroslot
- Printer
- Pneumatic gussetting
- Kissing belt
- Loading conveyor's elongation
- In-Out pressure device
- Pre-heating for the first pair of wheels
- Swarf's cut and retrieval
